Ascension to the Throne ValkyrieSKIDROW “Ascension to the Throne Valkyrie” is a turn-based strategy game with RPG elements. In a vast fantasy world the hero will have to pass many tests on his way to take the throne of his people. The player will take command of him as he battles his way through hordes of trolls, goblins, monsters and fairies in an attempt to reach the source of an evil war. You will be able to complete missions and travel between nations, build cities and train units to defeat the hordes of enemy forces. The battle system is turn-based, but there will be dynamic events that occur throughout the game. We believe that there is a lot of depth to the game, which will challenge players of all skill levels.
